5. Campaign KPIs

Track reach, impressions, saves, shares, comments, profile visits, link clicks and internship applications. The first week can be treated as a baseline; actual targets should be adjusted after observing real campaign performance.

6. Submission Note

Upload the six creative files to Google Drive/Canva, set viewing permission to “Anyone with the link”, and add the public link in the submission form. This PDF can be submitted as the content calendar and explanation document.
